

August 3, 2016

Phil Milo  
Citnalta Construction Corp.  
1601 Locust Avenue  
Bohemia, New York 11716

Dear Phil,

Congratulations on *Citnalta Construction Corp.* winning the *Best in Class Award* in the Brick Industry Association's 2016 Brick in Architecture Awards for the *Intermediate School 230Q Annex* project.

Enclosed is your certificate commemorating the project's top honor in the competition. Many outstanding entries were received, and our judges were notably impressed with the architectural design and use of clay brick found on your project.

In conjunction with these certificates, look for all the award winners to be featured in our newest issue of *Brick In Architecture*, which can be found in the December issue of *Architect Magazine*.

We thank you for your participation! To view the photo gallery and see the official press release, visit [www.gobrick.com/ArchitectureAwards](http://www.gobrick.com/ArchitectureAwards).

We hope you will submit projects to our 2017 competition, which will open in February.

Congratulations again!

Sincerely,

Tricia Mauer  
VP Membership & Programs

BRICK INDUSTRY ASSOCIATION

*proudly honors and recognizes*

***Citnalta Construction Corp.
